13. Miscellaneous / New Business
   a. Fire (Councillor Zwicker)
Councillor Zwicker voiced his concern that the new fire station that had been discussed
for the Hantsport Volunteer Fire Department would not be able to be completed due
to a cut-off of capital expenditure that may occur in the consolidation process. He asked if
the project could be expediated. The CAO replied that a report would be coming
forward to September Committee of the Whole for Council to consider. He went on to
say that he understood that there would be methods available to move projects forward
during the consolidation process.

b. Aboitoue Windsor Causeway (Councillor Daniels)
Councillor Daniels spoke of the growing concern surrounding the Windsor Causeway
Aboitoue and asked about a meeting scheduled of the Causeway Liaison Committee.
The CAO noted that the meeting of the Liaison Committee was not public to his knowledge, noting that there would be public meetings taking place in October.

Councillor Daniels asked if the Causeway Liaison Committee could be invited to present at Joint Council. The CAO stated he would put forth the request.

c. Strategy (Councillor Daniels)
Councillor Daniels stated that as it has been near a year since the Strategic Plan had been approved by Council, she felt as though it should be reviewed. She went on to say that part of the Plan was to have a Strategic Planning Committee established, questioning if it was necessary to wait until nominations in November or if the committee could be established sooner. CAO Laycock replied that he would review the Strategy and aim for the Committee to be established in November.

d. Deer Wintering Area (Councillor Daniels)
Councillor Daniels noted that it had been brought to her attention that there is a protected forest area that is being cut in Vaughan that has been recognized as a deer wintering area, adding that there is a plan in place that would further reduce the forest.

She went on to speak of the Department of Natural Resources Forestry Plan noting that there are means for the public and the Municipality to participate in creating the plan and voicing any concerns. The Councillor added that the Municipality should be educating itself in matters such as this and what is taking place around the Province.

Councillor Monroe noted that she too had been contacted about the issue stating that she would like to see protections put in place for the residents of West Hants.

Warden Zebian suggested that the issue be brought forth to Committee of the Whole for discussion.

e. Report on Provincial Forestry Practices (Councillor Daniels)
Councillor Daniels spoke of the Lahey Nova Scotia Forest Practice Report 2018 and encouraged Council to read the report and the recommendations made in it. She went on to say that Council should consider having conversations with the Nova Scotia Federation of Municipalities on the topic.

f. Ellershouse Community Hall (Councillor Leopold)
Councillor Leopold spoke of the community breakfasts in Ellershouse that, with the help of the Happy Communities Project, draw a large crowd and are integral to the community. She went on to say that, after a recent fire inspection, the Community Hall had been told that the breakfast will no longer be able to take place as the ventilation and fire suppression systems did not meet the Fire Code.

Councillor Leopold went on to say that she would like to see the Municipality support the Hall in the purchase of a commercial ventilation hood to allow the community breakfasts to continue.

MOVED and SECONDED that $5000 in grant funding be awarded to the Ellershouse Community Center for the purchase and installation of a commercial ventilation hood.

CAO Laycock advised Council that the Grants and Contribution Policy is due to be reviewed and staff would be recommending that a clause be added for funding for organizations for emergency or unique circumstances.

Councillor Zwicker voiced that he appreciated the concern put forth by Councillor Leopold and suggested that Council table the motion to give the request more consideration as it could set a precedent.
Councillor Hussey questioned if the motion could be changed to add funding to the grant that had already been given to the Ellershouse Community Hall. The CAO advised that as the request was specific, it could not be added to the previous grant. He went on to voice that Council should give serious consideration for what is stated in the Grant and Contribution Policy prior to approving the motion.

Councillor Zwicker questioned how many community breakfasts take place in the Hall. Councillor Leopold responded that the breakfasts take place once a month, adding that there would be other opportunities in the Hall that this would be beneficial to.

Councillor Jannasch agreed with Councillor Zwicker stating that the Center Burlington Hall has many repairs that need to be made. He added that Council should determine how requests for extra funding should be brought forth.

Councillor Leopold expressed that last year the Hall struggled to keep the community breakfasts occurring noting that the Happy Communities Project endorsed the event which created a new group of committed volunteers. The Councillor went on to say that Council had recognized community connections as part of the strategic plan for the Municipality.

The Councillor went on to say that as there was funding available that was not allocated in the grant budget approved by Council, she did not see the request as being an additional ask. She went on to say that had the Community Hall known about the issue they would've remedied the situation. The Councillor went on to say that as grants are not available again until February, and then the money not received by the groups until July or later, not helping the group make the purchase would jeopardize the event as well as the sustainability of the Hall.

Councillor Daniels agreed with Councillor Leopold adding that she understood that Council must be accountable and follow policy, but that they should not restrain the social aspects of the communities in West Hants. She went on to say that the community breakfasts are a big part of the community of Ellershouse, adding that she fully supported the motion. The Councillor pointed out that there are many community halls in West Hants that work hard and actively seek grant funding and fundraise for the programs they offer, and that Council should support social programs in the region.

Motion carried. 
Councillor Zwicker voted nay.
