(Amendment 19-09 Effective November 26, 2019)

PART 7: GENERAL REQUIREMENTS

- 7.1 All lots shall abut a public street.
- 7.2 All lots for which approval is requested shown on a final plan of subdivision and the remainder lot, if any, for which no approval is requested shall meet the requirements for minimum lot area and lot frontage contained in the Land Use By-law.
- 7.3 Notwithstanding Section 7.1 and 7.2 the Development Officer may approve a maximum of two lots in accordance with Section 271 of The **Municipal Government Act**, provided all other requirements of this by-law are met.
- 7.4 Notwithstanding Section 7.1 and 7.2 where a development component of a permanent nature such as a structure or driveway is encroaching in or upon an immediately adjacent area of land, the Development Officer may approve a plan of subdivision to the extent necessary and practical to remove the encroachment.
- 7.5 Notwithstanding Section 7.1 and 7.2 the Development Officer may approve a subdivision altering the boundaries of two or more areas of land where:
 - 7.5.1 no additional lots are created, and
 - 7.5.2 each lot:
 - (a) meets the minimum dimensions for lot frontage in the land use by-law, or
 - (b) has not had its frontage reduced; and
 - 7.5.3 each lot:
 - (a) meets the minimum dimensions for lot area in the land use by-law, or
 - (b) has not had its area reduced.
- 7.6 When the proposed lot is not surveyed a final plan of subdivision prepared pursuant to Section 7.5 shall:
 - 7.6.1 be certified and stamped by a Nova Scotia Land Surveyor that the boundaries of the parcel proposed to be added to the existing area of land have been surveyed; said boundaries shall be shown as a heavy solid line, except the common boundary between the existing lots which shall be shown as a heavy broken line and certified as being the common boundary,
 - 7.6.2 other than the new boundaries which have been surveyed pursuant to clause 7.6.1 showing the remaining boundaries of the resulting lot for which approval is requested described graphically as a lighter solid line, and

7.6.3 have the following notation affixed to the plan adjacent to the certification required by The Nova Scotia Land Surveyors Act and regulations made thereunder, and such notation is signed by the surveyor:

“NOTE: The only boundaries shown on this plan which have been surveyed are the boundaries of Parcel _____. The common boundary between existing Lots ____ and _____, which is shown by a heavy broken line, is hereby certified as having been the common boundary.

The remaining boundaries of resulting Lot _____ shown on this plan are a graphic representation only and do not represent the accurate shape or position of the lot boundaries which are subject to a field survey.”

- 7.8 Lots shall not be subdivided to create a width or depth of less than 6 metres (19.7 feet).
- 7.9 Whenever possible, side lot lines shall be substantially at right angles to a public street or radial to a curved public street.
- 7.10 Whenever possible, the rear lot lines of a series of adjoining lots shall be continuous, not stepped or jogged.
- 7.11 Whenever possible, the rear lot lines of a series of adjoining lots shall be continuous, not stepped or jogged.
- 7.12 An application to amend shall refer to the plan of subdivision as originally endorsed or drawn and such reference shall include the file number of the earlier subdivision plan filed at the office of the Registrar of Deeds for the Town.

PART 8: NEW MUNICIPAL SERVICES

- 8.1 Where a new public street is proposed the services identified in subsection 8.2 shall apply.
- 8.2 The subdivider shall:
- design, construct and pave the street,
 - design and install a water system,
 - design and install a wastewater system,
 - design and install a stormwater system,
- in the area of land being subdivided.
- 8.3 The services required by Section 8.2 shall be designed by a professional engineer and shall meet the requirements of the Standard Specifications for Municipal Services and the following requirements.
- 8.4 The engineer shall approve all proposed public streets shown on a plan of subdivision prior to final approval being given by the Development Officer pursuant to section 280 of the **Municipal Government Act**.

- 8.5 The distance between public streets intersections shall not be less than 61 meters (200.1 feet) measured from the nearest rights of way, or such greater distance as may be required by the Town to meet their specifications.
- 8.6 There shall not be more than four public street or highway approaches in an intersection.
- 8.7 Continuous street frontage shall not exceed 366 meters (1200.7 feet) between intersections.
- 8.8 A cul-de-sac shall not exceed 150 metres (492.1 feet) in length, measured to the turning circle.
- 8.9 The subdivider shall provide a storm water management plan for the area of land being subdivided.
- 8.10 As an alternative to the complete construction the services required by Section 8.2 before receiving subdivision approval, the subdivider may enter into a written agreement with the Town containing the following provisions:
- (a) the time within which the services must be constructed;
 - (b) the phasing of any construction;
 - (c)
 - (d) the matters referred to in Sections 8.11, 8.12, 8.13 and 8.14; and
 - (d) any other matter related to the requirements for construction.
- 8.11 Pursuant to Section 8.10 the subdivider shall
- 8.11.1 post a performance bond in the amount of 125% of the estimated cost to complete the services; and
 - 8.11.2 submit to the Development Officer for approval

An estimate of costs to complete the construction of the services and the Development Officer may revise the estimate if it is, in the opinion of the engineer, inadequate. Such estimates shall include all construction related costs including but not limited to: professional engineering, contract management, site supervision and inspection of all construction and work;
 - 8.11.3 post the performance bond before approval of any final plan of subdivision is given; and the performance bond shall be in the form of cash, certified cheque or letter of credit or bond issued by a surety or guarantee company licensed by the Province of Nova Scotia and conditional upon the execution and completion of the agreement in accordance with the Terms of Agreement and the requirements of this bylaw, and shall not be subject to cancellation, termination or expiration during the period of time for completion of the work.
- 8.12 Following completion of the services the subdivider shall:

- 8.12.1 post a maintenance bond in the amount of ten (10) percent of the actual cost of construction of a street for a period of twelve (12) months, and;
- 8.12.2 provide "as built" reproducible engineering design drawings, in digital and hard copy format, for the street including plan and profile of streets drawn to the required scale and certified by a professional engineer. "As built" information shall be located with a survey; and
- 8.12.3 provide four (4) copies of a plan showing the public street and all drainage rights of way, outlined in red; road reserves outlined in yellow; and easements outlined in green;
- 8.12.4 provide legal conveyance of ownership of the right of way for the public street, road reserve and easement to the Town. This conveyance shall be in the form of a warranty deed and the subdivider shall, through this legal counsel, certify that all property to be conveyed is free from all encumbrances; and;
- 8.13 The subdivider shall be responsible for the following:
 - 8.13.1 complete geotechnical inspections and testing of the street and associated infrastructure prior to and during various stages of construction by the subdivider's consulting engineer; and;
 - 8.13.2 advise the engineer of proposed test dates, sites and times, and;
 - 8.13.3 allow the engineer to inspect the construction at any stages, or to verify or confirm any required tests.
- 8.14 Within thirty (30) days of completion of construction the Subdivider shall provide to the Superintendent of Public Works, the following:
 - (a) the reproducible record drawings of engineering design, in digital and hard copy format, showing all the actual constructed systems including storm drainage, and;
 - (b) the results of all inspection tests reports.
- 8.15 All road signage, signals and markings will be in accordance with the Standard Specifications for Municipal Services.
- 8.16 All road signage will be placed within the right of way. No signage will be placed within the public right of way without the approval of the Town Engineer.
- 8.17 Stop Signs will be placed within all intersections. Intersections with equal traffic for all approaches may be designated as a four (4) way stop to the approval of the Town Engineer.
- 8.18 All Town Public Street names will be approved by the Town Council of the Town of Hantsport.
- 8.19 Street Name Signage will be provided to a standard consistent with existing signage.
- 8.20 Other directional, speed rating or cautionary signage will be placed in the right of way as warranted.

PART 9: REPEAL OF A SUBDIVISION

- 9.1 Where a plan of subdivision has been approved, the approval may be repealed for any or at all of the lots created by the plan of subdivision.
- 9.2 Any person requesting a repeal of subdivision shall submit to the development officer in an application in the form specified in Schedule C.
- 9.3. (1) The notification and approval provisions of the **Municipal Government Act** which apply to the approval of the plan of subdivision shall also apply to a repeal.
- (2) Notwithstanding Section 9.3(1), the notification and approval provisions of the Act do not apply to a repeal respecting a plan of subdivision to consolidate two or more parcels for which no deed to effect the consolidation has been registered in the Registry of Deeds or Land Registration Office, provided that the applicant's knowledge no deed to effect the consolidations exists.
- 9.4 When the development officer is satisfied that an application for repeal is complete, the development officer may forward a copy to any agency which provided an assessment or recommendations on the original plan of subdivision.
- 9.5 Where buildings have been erected on the subject lands after the date of the subdivision approval sought to be repealed, no repeal shall be granted which would cause these buildings to be in violation of any building code regulations, land use by-law, or sewage disposal regulations unless the violation can be rectified by the approval of a new plan of subdivision filed at the Lane Registration Office on the same day as the repeal is filed.
- 9.6 Part 3 to Part 9 inclusive of this By-law do not apply to the repeal of a plan of subdivision.
- 9.7 The development officer shall forward to the Land Registration Office the repeal in the form specified in Schedule "D".
- 9.8 The development officer shall forward a copy of the repeal referred to in Section 9.7 to
- (a) the subdivider, and
 - (b) any agency which provided an assessment or recommendations on the original plan of subdivision.
- 9.9 Where the development officer refuses to repeal a subdivision, the development officer shall give notice of the refusal to the subdivider and to all agencies which were forwarded the application for repeal pursuant to Section 9.8. (Amendment 19-09 Effective November 26, 2019)

PART 10: EFFECTIVE DATE, REPEAL

- 10.1 This By-law is effective on _____, 20 , and existing Subdivision By-law is repealed.
