Public Hearing Agenda

1. Intro by Mayor
2. Presentation by Planner (Alex Dunphy)
3. Presentation by Applicant (Bill Clark and Jenifer Tsang)
4. Comments or Questions from Public
5. Conclusion of Public Hearing

997 Highway 14 Rezoning

Public Hearing & Second Reading

August 21, 2023

something inspiring awaits

Application Background

- The Planning and Development Department was first made aware of the existing use of the property due to a complaint which led to the owner applying for a rezoning.
- A completed application was received from William (Bill) Clarke on March 8, 2023.
- The application is to allow for commercial storage and distribution by rezoning to the Resource Industrial (M-1) zone.

Consideration for this Application

- A development permit for a personal storage building was issued on September 10, 2020.
- A complaint was received on October 28, 2022, regarding an industrial distribution and storage facility being located on the subject lot.
- The Development Officer investigated the subject lot and confirmed that there were industrial uses on the subject lot, however the storage building was being used for personal storage.
- This application is only pertaining to the industrial uses which are in violation of the West Hants Land Use By-law. The personal storage building will not be affected as part of this process, as the Development Officer has confirmed that it is adhering to the development permit that was issued.

West Hants MPS – Enabling Policy

Policy 9.1.6 enables Council to consider rezoning to allow for commercial or industrial uses permitted in the Resource Industrial (M-1) zone. In summary, the proposal does not meet the criteria since:

- neither the primary or secondary access meets the stopping site distance requirements and the secondary access does not meet the current access criteria for the NS Department of Public Works;
- slow-moving vehicles accessing the subject lot may impede traffic safety as commented by the NS Department of Public Works;
- there is potential for conflict with the hours of operation between the established residential uses and some of the permitted uses listed in the Resource Industrial (M-1) zone;

West Hants MPS – Enabling Policy Cont.

- certain uses permitted in the Resource Industrial (M-1) zone could potentially be obnoxious in nature; and
- the current use does not meet the setback criteria for the Resource Industrial (M-1) zone and further development of the subject lot could reduce buffering from adjacent existing uses.

West Hants MPS – General Criteria Policy

Policy 16.3.1 states general criteria for amendments to the Land Use By-law. In summary, the proposal does not meet the criteria as:

- the local Fire Chief has stated that there are a number of uses in the Resource Industrial (M-1) zone that would be concerning due to potentially insufficient response time;
- due to the subject lot not meeting stopping site distances, it is possible that slow moving vehicles accessing the subject lot may impede the movement of traffic passing the subject lot as commented by the NS Department of Public Works;
- uses permitted in the Resource Industrial (M-1) zone would constitute a major change from the pattern of development currently existing in the area and the potential development of additional Resource Industrial uses would negatively affect surrounding residential uses; and
- access to the property does not meet the requirements of the NS Department of Public Works.

Public Information Meeting Notes (1 of 3)

- Two Public Information Meeting were held on April 13 and April 14. The meetings were broadcast live on the Municipal Facebook page.
- 26 members of the public attended the first meeting and 3 members of the public attended the second meeting.
- The deadline for comments was April 28.
- 1 phone call, 1 letter, and 15 emails were received during the comment period.

Public Information Meeting Notes (2 of 3)

- Comments and concerns received include:
- existing uses not being suitable for the property;
 - erosion of adjacent properties;
 - ineffective drainage;
 - concrete wall placement;
 - the nearby heritage property;
 - unsightliness of uses;
 - guardrail installation;
 - use of adjacent lots for equipment storage;
 - dangerous access points;
 - building proximity to the road;
 - potential for more intensive industrial use;
 - an alternate lot being provided in the industrial park;
 - no industrial uses outside of the industrial parks;
 - potential environmental issues;
 - noise pollution;
 - negative affect on community aesthetic;
 - light pollution;
 - safety of those travelling to the canoe club;

Public Information Meeting Notes (3 of 3)

- why the use hadn't been stopped;
- when the initial complaint was filed;
- public opposition to the rezoning;
- why the rezoning process was used instead of a development agreement;
- information regarding the initial development permit that was issued;
- industrial development not being appropriate in this area;
- community disruption;
- a potential judicial review for environmental concerns;
- proximity of the subject lot to a heritage property;
- incorrect date listed on notice;
- violation of the Land Use By-law;
- property values;
- property ownership;
- impacted resident use of the lake;
- proximity of subject lot to the lake; and
- information regarding Community Accountability and Transparency Councils.

Staff Responses to Public Comments

- Runoff and erosion concerns should be directed to the NS Department of Environment and Climate Change.
- The section of guardrail was installed along the subject lot's frontage onto Highway 14 by the provincial Public Works Department due to concerns with the proximity of the parking areas and barriers.
- There is no planning policy criteria to evaluate heritage property 'landscape', only the individual property itself.
- There is no consideration of who an applicant is, the owner of a property would not affect their permit application or evaluation.

Process

Public Information Meeting – Apr. 13 & 14

Staff Review

PAC/HAC Review and Recommendation –
May. 11

Regional Council First Reading – May 23

**Public Hearing & Second Reading –
August 21**

Comments or Questions from Public

Public Hearing Comment Period

- The Public Hearing was advertised:
 - in the paper July 4 and 11;
 - letters were sent to property owners within 500 ft of the subject lot; and
 - a sign was posted on the lot.
- The deadline for comments was Friday, July 21.
- Staff received no written correspondence from the public.

Staff Recommendation

Staff do not recommend in favour of the application because the following criteria are not considered met:

Policy 9.1.6

- (c) safe and efficient roadway access;
- (e) (i) traffic safety;
- (f) being considered obnoxious;

Policy 16.3.1

- (a) (iii) adequacy of fire protection;
- (c) suitability of movement;
- (e) pattern of development; and
- (g) provincial requirements.

Recommendation

If Council wishes to approve the following motion would be in order:

...that Council gives Second Reading and approves amending Schedule A of the West Hants Land Use By-law to rezone 997 Highway 14, Upper Vaughan (PID 45041902) from the General Resource (GR) zone to the Resource Industrial (M-1) zone.
