

June 6/2024

who gave away the MF 230 tractor
that belonged to the tax papers of
West Harts to the Federation of agriculturists
that tractor sells for between 7500 & 85000
on the computer. That tractor is suppose
to be put up for tender which anyone
has the right to bid on it. The tractor
should be returned to the municipality and
be put up for tender. I have a right
to bid on it as well as anyone else. something
is not right with what happened about this.
