To Mark Phillips, Abraham Zebian and all Council,

On behalf of the Board of Directors of the Avon River Heritage Society, I am writing to extend our gratitude for the recent construction of the berm to protect the museum and shipyard from flood risks. As a cornerstone of our community, the museum plays a vital role in preserving and showcasing our local heritage and serves as a venue and meeting point for community members and organizations. Your proactive measures have provided us with a renewed sense of security.

We appreciate the municipality's commitment to protecting the museum and recognize the hard work, dedication, and expertise of everyone involved. We look forward to continuing our partnership with the municipality in future endeavors to enhance and protect our community's cultural landmarks.

Once again, please accept our heartfelt thanks for your invaluable contribution.

Sincerely,

Kim Lake
President, Avon River Heritage Society
