

To whom it may concern,

During WWII, Richard and Sarah (recipient of the Silver Cross) Harvie, of Noel, Nova Scotia had 8 of their sons go to war. The most from one family in all of North America and the British Commonwealth. This is a major part of Canadian history and a name that should be synonymous to our community, province and country. Unfortunately, there isn't even a plaque to commemorate this momentous feat.

We, the Hants North Legion Br. #166 are having a monument erected and proudly displayed at our legion, alongside our Memorial Monument. Being a legion with less than 75 members, this comes at a cost that exceeds our budget, so on behalf of the Hants North Legion, I, Jeff Thurber, President, am reaching out to you for any help with the financing of this project. Any donation will not go unnoticed, as all donators will be recognised. Thanking you in advance.

Yours in comradeship.

JEFF THURBER
