Mayor and Council of WWHRM,

On behalf of the Windsor West Hants Caremonger Society and the users of the Warming Center, we would like to thank you for the \$20,000 funding that Council had agreed to provide for the month of December and January.

We currently await news of whether or not we will secure Insurance coverage as a Society, so that we can secure some funding from the provincial government. Due to our Society never receiving insurance and the sexual abuse clause that the Government requires, underwriters are taking longer than usual to offer it to us.

What we would like to know is if you would be willing to allow Caremongers to continue using that same \$20,000 until such time as it either depletes, or the Provincial funding is approved.

We have been very frugal with the funds thus far, even to the point that we could stretch them to the end of March if needed. We currently have 18 active volunteers (active as in physically volunteering at the center) and 4 of which are getting paid for overnight shifts.

We are very appreciative of the support from the Municipality and if the funding we receive is retroactive to an earlier date, the money we receive from the Municipality would be paid back.

Yours Sincerely,

Leslie Porter,
President and Founder of the Windsor West Hants
Caremonger Society
