Dear Mayor: I am wondering if you and council are aware of what is going on with our library.
I have been to the Library x 2 this week and find it closed. There is very little information available at this time. I left a message at AVRL by phone, with a request to call back, but, will now write a letter to them.
letting them know my concerns and concerns of many of us seniors.
Somewhere, I did found out that there is a new director and things started to change with the administration of our little library. This is what needs to be addressed.
I believe many seniors here in our community are going to be left high and dry when it comes to not only our ability to obtain books from our library but, there are also groups that meet thru the week - also library is used for other functions etc.
I am just wondering if anything has come to Council in this regard and does it have anything to do with funding.
Just bringing this to your attention and informing Council of this recent development.
As Council is probably aware, the people in this town worked tirelessly to establish this library with

their money and time. We don't want this erased off the board without some input from us and our municipality. Thank you for reading this letter.

Sincerely, Ruth Ross
