Mayor Zabian and West Hants Council,

As President of both the West Hants Seniors Games and the Gliders Club I am writing to request that both these organizations be included in any planning for future recreation developments.

-Committee member Carol Dahr has submitted letters for each of these organizations outlining activities, aims and needs. As the senior population of West Hants is increasing rapidly and a lot of new housing construction is targeting seniors the need for viable activity areas will only become more critical.

Our Seniors are asking for a better alternative to the old Gliders room in the Windsor Community Centre. We really need a venue where they can hold meetings and play games which is easily accessible, comfortable and be enjoyed without high ambient noise levels.

I as well as our committee members of both organizations would be willing to attend any meetings for planning a standalone Recreation Centre in the West Hants area. We hope that something will be started in the near future as we are running out of places to try to fit our activities in.

Sincerely

Wayne Hamm
