LANDOWNER APPOINTMENT TO WATERSHED ADVISORY COMMITTEES EXCERPT

The primary objective of each Watershed Advisory Committee is to provide a forum for the Landowners, the Municipality and other Stakeholders to work cooperatively to maintain the water quality and quantity in each Watershed within the region. These committees recognize that the protection of source water is the first step in the multi-barrier approach to clean, safe drinking water. Citizen members appointed to watershed committees must be landowners within the watershed they are appointed too. Historically, these vacancies have been challenging to fill as there are limited landowners within the watersheds. The recommended individuals were previously appointed to these committees and have expressed interest in remaining on the committee(s).

The recommended motion was that Committee of the Whole recommend that ...

COUNCIL APPROVES LONNY CURRY, STEPHEN MARSTERS AND JAMIE WIDDEN BE APPOINTED TO THE DAVIDSON LAKE AND FRENCH MILL BROOK WATERSHED COMMITTEE FOR THE TERM MARCH 25, 2025 TO OCTOBER 31, 2027.

COUNCIL APPROVES PATRICK SCHOFIELD AND BRUCE ATWELL BE APPOINTED TO THE MILLS LAKE WATERSHED ADVISORY COMMITTEE FOR THE TERM MARCH 25, 2025 TO OCTOBER 31, 2027.

The primary objective of each Watershed Advisory Committee is to provide a forum for the Landowners, the Municipality and other Stakeholders to work cooperatively to maintain the water quality and quantity in each Watershed within the region. These committees recognize that the protection of source water is the first step in the multi-barrier approach to clean, safe drinking water.

Watersheds supplies the reservoir from which the Windsor Water Utility, operated by the Municipality, withdraws water. These Committees advise the Municipality and Director of Public Works on issues pertaining to the Watersheds.

The Mill Lakes Watershed supplies the reservoir from which the Windsor Water Utility, operated by the Municipality, withdraws water. The Windsor Water Utility currently supplies water to the community of Windsor and the Three Mill Plains Water Utility. The Three Mile Plains Water Utility services communities of Three Mile Plains, Currys Corner, Garlands Crossing, and Wentworth Creek.

The Davidson Lake & French Mill Brook Watershed Committee, which is a combined utility with the former Hantsport, Falmouth and Three Mile Plains Water Utilities is operated by the West Hants Regional Municipality and supplies potable water to the areas of the communities of Hantsport, Hants Border and Glooscap First Nations Source water for the utility is withdrawn from the Davidson Lake, which is supplied by a near by spring. The Community of Falmouth Source water for the utility is withdrawn from the French Mill Brook Reservoir, which is supplied by the French Mill Brook and its watershed.

Watershed Advisory Committees are comprised of:

- Four (4) Landowner Representatives
- One (1) Councillor and one (1) alternate
- One (1) Nova Scotia Department of Lands and Forestry Representative
- One (1) Water Utility Representative
- One (1) Planning and Development Department Representative
- One (1) Nova Scotia Environment Representative (voting)

Committee members must be landowners within the watershed they are appointed.

NEXT STEPS

Landowner(s) will be contacted and notified of their appointments.

FINANCIAL IMPLICATIONS

Resident members appointed to a Committee of Council will receive remuneration in accordance with the Council Remuneration Policy, which is identified in the annual Operating Budget.
