

WEST HANTS REGIONAL MUNICIPALITY

Mayor's Report

Members of Council...

The past month has once again been very busy. Please find below key highlights of the past month's activities.

- I have had the pleasure of meeting with many of our school sports teams who have been seeking advice on how to grow, search for funding opportunities, and help promote the attraction of new participants.
- Community Recreation groups have also continued to reach out expressing their future needs within our region.
- I helped decorate smiley cookies with the WHMS for the annual Tim Horton Smiley Cookie campaign.
- Took part in the AV High School Spring Fling in support of this year's grads. A fun day organized but a dedicated group of parent volunteers. Well done all!
- Initial meeting with the Brison Group and staff exploring the future needs of the community with a joint public /private partnership. More to come as the group continues to meet.
- Joined Council in a follow-up strategy session discussing emergency services and other related items.
- PAC meeting. Video can be viewed on the Municipality's YouTube page.
- Stopped by the Milk Sport Fair held at the sports complex. I believe over 700 participants took part from many schools who had the opportunity to explore many different activities and games.
- Attended the 50th Anniversary of the Hantsport Hawks Basketball Championship team from 1974/75. A great time with many great stories.
- Attended the Windsor Curling Club's annual banquet. A nice evening with many great discussions about West Hants.
- Have joined Council in budget deliberations. A good process to this point that has required many tough decisions focusing on current priorities while balancing future needs.
- Had the pleasure of visiting King Edgehill to speak with their Citizenship Classes about West Hants, the future vision of our region, current challenges we are experiencing and potential solutions.
- I took part in the Edge Speed Networking event with many other business specialists and entrepreneurs. The youth attending were very engaged and eager to learn from the invited guests.

- Attended the Valley Business Expo at the Windsor Legion.
- Physician Tour for Hantsport.
- Attended the Everwind PIM.
- Attended the 15 Year Anniversary Celebration for My Stamping Studio.
CONGRATULATIONS for this great achievement!
