Dust concerns on the Bancroft Road in Walton due to increased traffic stemming from the disrepair of the bridge on the Walton Woods Road. Residents on the west end of Bancroft Road cannot enjoy any quality of life due to dust penetrating residences, the inability to use clothes lines and the inability to enjoy their yards or properties. The issue is particularly severe for seniors living with respiratory issues.

The new flashing light crosswalk signals were installed on King St in front of the Windsor Fire Department. Thank you to Public Works from the residents for their speediness in making this happen as it helps to ensue the safety of the children and everyone who use that crosswalk.
