Hello - Thank you for taking the time to read this letter. With our expanding population in West Hants, I just wanted to reiterate the need for expanded recreational facilities in our area. Specifically indoor tennis and Pickleball facilities, these would not only be great for the participants but would bring in extra revenue to our area as we would have facilities that could have tournaments all year round inviting people from outside our area. A big win for all of West Hants and a big draw for moving into our great Municipality. Another great asset would be an indoor swimming pool, again this would have potential for swim meets all year round and programs for our many seniors.

I hope we can keep up with the needs of all the folks of West Hants, those we have now and with a vision for the growing population.

Yours truly,

Cynthia DeMont
